Welcome to Bells of Steel, you've made an excellent choice.

First off I want to say thank you for supporting my small business.

I spent over three years on the Manticore line and many long nights went into crafting an unparalleled lifting experience for you.

I hope you love using it as much as I did designing it.

I've included a birds eye view on how to build a variety of Manticore racks, but I highly encourage you to go to our YouTube channel and watch our assembly guide.

If at any time you need a hand, contact our experts and we will help walk you through.

Be sure to keep the bolts loose until the rack is fully assembled, then tighten all the bolts at the final step, you'll thank me later!
