φ 60 mm

- Metal ring with double side sticker

φ 55 mm

- Magnetic Base

42 mm

69 mm

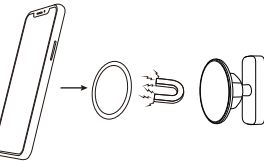

Features:

1. One hand operation.
2. Ideal for hands-free calls and watching videos.
3. Adopt 20 pieces strong rare-earth magnets.
4. 360° rotation and tiltable angle adjustment.
5. Compatible with gym golf cart and metal object equipment.
6. Compatible with iPhone 16/15/14/13/12 series and other cell phones.

Instructions:

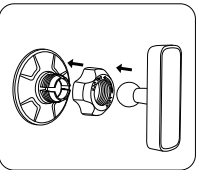

Work for all phones and most case

1. For iPhone 16/15/14/13/12 series case free or with magsafe case, attach to magnetic mount directly without the metal ring.
2. For iPhone 16/15/14/13/12 series with regular case or for other phones, need to stick the metal ring to center of the back of the case.

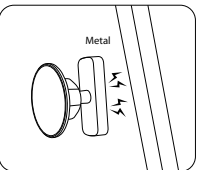

Note: The sticky metal ring does not stick well to textured, leather or liquid silicone phone cases.

Instructions:

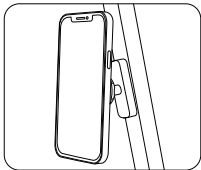

1. Insert the adjuster into ball joint of magnetic base, install the magnet head into the ball joint and tighten with adjuster.

2. Fix the magnetic mount on golf cart square metal tube.

Instructions:

3. Put the phone on the magnet head, adjust to best viewing angle.
